

RN MARK E1-140

Alternative to CIJ Printers

- Large character print
- High speed
- High resolution
- Hassle free

RN MARK E1-140

- Could be run from any PC or tablet with Windows Throw distance up to 15 mm 10 using RN E1 Software, which is included and has no limitation of the number of user accounts
- Printing at any angle
- 2 heads printing up to 144 mm height, or up to 72 mm each on different sides, different information, on the same production line, with speed up to 60 m/min
- Maximum drying time 10 to 15 seconds depending on the material

- Could print in different colors such us black, pigmented white and yellow, blue, red, etc.
- Communicates through Ethernet/ optional WIFI/ Virtual RS-232 with a limitation up to 100 printers from one pc
- Software interface with more than 30 languages, and windows TrueType fonts (unicode) in any languages
- No limitations to print dynamic data bases.
